

Every student. Every deadline. Every day.

The Reality

1 in 4 students drop out **due to academic struggles**.

1 in 5 students leave **due to mental health challenges**.

20% of students struggle **with time management and executive function**.

*Students know **what** they need to do. They don't know **how** to do it.*

Who We Help

Any student: first-year, undergraduate, graduate, returning, minority, first-generation, or non-traditional struggling with:

- Procrastination and task avoidance
- Time management and work/life balance
- Executive function and organization

How Boostability Works

For Students

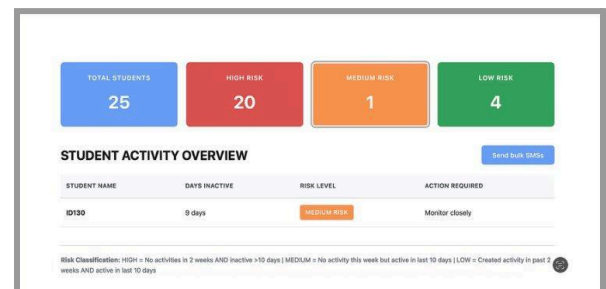

Stop feeling overwhelmed. Boostability's AI-powered app breaks down assignments into actionable daily plans.

- **Assignments made easy:** Big projects break down into manageable daily tasks.
- **Lazer-focus-dashboard:** Know exactly what to work on today.
- **Accountability nudges:** SMS reminders keep you on track.

For Institutes & Staff

Boostability 360 is your student success system.

- **Early Detection Insights:** Spot struggling students early and intervene before dropout.
- **Success Scorecards:** Visual dashboards showing student progress, completion rates, and retention impact.
- **Hands-On Partnership:** Hand-in-hand onboarding and ongoing support.

Real Results

Pilot with 100+ students | June 2024 | Students surveys based on BDEFS, ASRS v1.1, PSS, and satisfaction scoring.

Metric	Before	After	Impact
Organization Skills	2/5	4/5	<u>100% ↑</u> - Students double their ability to manage coursework and track deadlines.
Procrastination	2/5	4/5	<u>100% ↑</u> - Students cut procrastination in half.
Stress & Anxiety	7/10	4/10	<u>43% ↓</u> - Anxiety drops by nearly half, making school feel manageable.
Assignment Confidence	3/5	4/5	<u>33% ↑</u> - Students gain confidence they can actually complete their work.

Student Voice

"Before Boostability, everything lived in my head. Now I have a schedule, I know where to start, and I don't feel so overwhelmed."

— K.G., Purdue University
First-Year Engineering Student

Getting Started

Onboarding

Live training and on-site sessions tailored to your team's needs.

Pilot Program

Start with 100–1,000 students; full Boostability 360 integration.

Ongoing Support

Staff training, workshops, real-time tracking, and exportable reports.

Data & Compliance

All data exportable (XLS/CSV); fully PII-compliant and secure.
